Faster, smarter workflow for your workgroup

You know your team better than anybody. You know what drives them and what they need to be more productive. You also know your budget. Wouldn’t it be great if there was an easy-to-use device to give them the performance they need — at the price you want? Introducing the LANIER™ MP C401/MP C401SR, a powerful digital multifunction device that combines fast color output, advanced scanning, optional faxing and dependable security to simplify everyday tasks. This compact, affordable MFP offers a host of customizable features and user-friendly controls, so you can tailor it for your office, workgroup and workflows. Use it as your workhorse device, or add it as part of a Managed Document Services (MDS) strategy to improve efficiency throughout your organization.

• Produce up to 42 prints (Letter) and 40 prints (A4) per minute in full color
• Scan documents in color to multiple destinations and reduce paper storage
• Customize the control panel home screen for every user
• Minimize interruptions with a 2,300-sheet paper capacity
• Protect critical information and documents with user authentication
• Add browser support for mobile printing and Cloud services
• Create professional-looking document sets in house (standard finishing available on MP C401SR only)
Discover the value of reliable, efficient everyday performance

Designed to give you more control

Perform more tasks in less time

Thriving organizations move quickly. Are you using technology that can keep pace? The Lanier MP C401/MP C401SR offers a wide range of features so you can copy, print, store and share documents and move on to the next project within moments. It produces up to 42 color or black-and-white pages per minute for 8.5” x 11” output and up to 32 ppm for 8.5” x 14”— on a wide range of media types. It stores up to 2,300 sheets for fewer workflow interruptions.

Choose how you want to work

Few people work the same way. But everybody can be productive. That’s why we created the Lanier MP C401/MP C401SR to be customizable to your preferences. It comes standard with a 9” tilting color home screen. Individual users can program up to 72 intuitive icons and shortcuts to frequently used tasks. The MP C401SR comes standard with an internal finisher for stapling multi-page print jobs. In addition, a fax option can be added that can transfer documents quickly and economically with or without paper.

Leverage cutting-edge technology

Smartphones, tablets and other mobile devices have become part of the workday experience. So, we engineered the Lanier MP C401/MP C401SR with the same functionality to enhance your user experience. The optional 10.1” Wide Super VGA Smart Operation Panel features drag-and-drop, pinch-and-flick functionality and swipe scrolling so users can transition from task to task with incredible ease and convenience. It includes iconic widgets for quick updates on the date, time and toner levels.

Be productive on the move

Lanier lets you accomplish more in the office — even when you’re far away from it. The MP C401/MP C401SR offers an embedded Web Browser option, so users can connect directly to the Integrated Cloud Environment (ICE) option. Use it to scan documents, send files to popular Web services and print from almost anywhere with the touch of a button. You can turn services on or off based on your needs. Best of all, you use it without an on-premise software investment. The device also lets users carry their work with them. Simply use the convenient USB or SD card slot on the control panel to access your job in walk-up environments.
Exceptional workgroup efficiency at your fingertips

Scan and share documents with ease
Reduce time while using less paper. Use the Lanier MP C401/MP C401SR to scan color or monochrome originals to shared folders, PC media cards, document servers and other locations. Expedite multi-page scans with the convenient, user-friendly, 50-Sheet Automatic Reversing Document Feeder (ARDF). In addition, you can create searchable PDF files by using the optional OCR scanning feature.

Manage the efficiency of your workgroup
Take advantage of a host of administrative tools to manage system settings, print job status and supply levels from a centralized location. IT Administrators can capture an image of the operation panel screen from their desktop via a new remote user interface, resulting in faster troubleshooting and improved responsiveness. Build custom applications or integrate off-the-shelf software products. Track and control output costs and streamline document capture processes through integration with our best-in-class software solutions. Optimize system performance with remote firmware upgrades. And stay one step ahead by requesting an e-mail alert when supplies are low or an error is detected.

Add power seamlessly to any network
The Lanier MP C401/MP C401SR fits in almost anywhere. It can be integrated in Windows®, Macintosh®, Citrix®, SAP® and UNIX® environments and comes standard with a Gigabit Ethernet interface. It installs quickly, with minimal investment, for maximum uptime. Choose the icon-driven, one-click preset PCL6 user interface driver or standard Adobe® PostScript®3™ driver to simplify print job setup.
Secure workflows to improve performance

Streamline everyday tasks

Do you want to accomplish tasks faster? Do you want to become more productive? Enjoy convenient automated features to enhance workgroup productivity. With Auto Job Promotion, jobs that are ready to print are automatically moved higher in the print queue, replacing jobs that are stopped for errors or other reasons. ID Card Copy enables users to copy and scan two-sided documents such as identity cards on one side of a sheet of paper. Up to 3,000 documents can be stored and organized on the document server for fast retrieval. In addition, toner can be replaced in moments by any user.

Protect the environment and your bottom line

We strive to be stewards for the environment. That’s why we give you more ways to take responsibility for your own energy and paper use. The Lanier MP C401/MP C401SR offers expanded energy-saving modes to reduce power consumption. Program it to shut down or power up automatically to conserve energy during expected downtimes. Take advantage of standard duplexing to reduce paper and associated costs. Set print quotas for individual users or groups to reduce unnecessary printing. And, use the built-in Eco-Friendly Indicator to see how much paper your team is saving. These models meet the new stringent standards for ENERGY STAR® 2.0 certification and have qualified for an EPEAT® gold rating.

Secure documents and critical information

Documents need to be protected — so do the people who create them. Control access to specific functions with password-protected user-specific authentication. Take advantage of enhanced encryption to protect your address book, authentication information and stored documents. Destroy all latent images and stored data on the hard disk drive with the DataOverwriteSecurity System (DOSS) feature. Plus, you can print the name, time and login of the authorized user directly on output using the new Mandatory Security Information Printing feature for even more accountability in the office.
Fully-featured for a full day’s work

Lanier MP C401SR finisher model shown with optional 550-Sheet x 2 Paper Trays, optional 550-Sheet Paper Tray and optional Side Tray
1 **Standard 50-Sheet Automatic Reversing Document Feeder:** Efficiently handle one- and two-sided originals up to 8.5" x 14" in size.

2 **One-Bin Tray (Optional for MP C401 only):** Separate output and make it easy for users to retrieve their documents.

3 **Automatic Duplexing (Standard):** Save paper and filing space with standard automatic duplexing that runs virtually at the same speed as one-sided output.

4 **Internal Finisher (Standard on MP C401SR only):** Produce superb quality finished documents and save space with an innovative internal finisher design.

5 **Side Tray (Optional):** Keep output well-organized and easily accessible for end-users.

6 **Standard Scan-to/Print-from Media:** Make high-quality prints from PDF, TIF, JPEG — or print XPS files using the new XPS Direct Print option — or scan documents to a USB Clip drive or SD card.

7 **Full-Color LCD Control Panel with USB/SD Slot:** Navigate from job to job easily with fingertip control via the intuitive, angled 9.0" control panel featuring a user-friendly slot for USB/SD cards.

8 **Standard 550-Sheet Paper Tray:** Stay productive and minimize trips to replenish paper with an ample supply of 8.5" x 11"/A4 paper, up to 120 lb. Index.

9 **Standard 100-Sheet Bypass Tray:** Take advantage of a wide range of paper sizes and types (up to 140 lb. Index).

10 **550-Sheet Paper Tray (Optional):** Accommodate sizes up to 8.5" x 14" and increase paper capacity to 1,200 sheets.

11 **550-Sheet x 2 Paper Trays (Optional):** Add two additional 550-Sheet Paper Trays to the optional 550-Sheet Paper Tray and offer users an even wider selection of paper types and sizes on demand as well as a robust 2,300-sheet paper capacity.

12 **Easy Maintenance:** Toner Cartridges are conveniently located behind the front panel. Supplies are easy for any user to replace.
General Specifications

**Printers**

Dry Electrostatic Transfer with Dual Component Magnetic Brush Development; 4-Drum Method

**Scanning Element**

Full-Color, One-Dimensional Solid Scan via CCD

**Output Speed (Copy/Print)**

42 ppm (Letter), 40 ppm (A4)

**Warm-Up Time**

45 seconds with Standard Operation Panel

55 seconds with Smart Operation Panel

6.7 seconds to 8.5 seconds (Color)

**First Copy Time (Letter/A4)**

4.5 seconds

**Recycle Time (to Scan)**

4.6 seconds

**Document Feeder**

600 dpi Automatic Reversing Document Feeder (ARDF)

**Original Capacity**

50 sheets

**Paper Size**

5.5" x 8.5" to 8.5" x 14" (A5 – A4)

**Custom**

Up to 49.5" x 1260" (Simplex only for Banners)

**Paper Weight (Simplex)**

14 to 34 lb. Bond (52 – 128 g/m²)

5.5" x 11" to 216 x 297 mm (Duplex)

**Exposure Glass**

8.5" x 11" (216 x 297 mm)

**Quantity Indicator**

1 – 999

**Input Capacity**

Standard: 1 x 550 sheets + 100-Sheet ByPass Tray

Maximum: 2,300 sheets

50-Sheet Bypass Tray

250 sheets (MP C401SR)

25 sheets (MP C401)

**Paper Sizes**

Paper Standard

5.5" x 8.5" to 8.5" x 14" (A5 – A4)

5.5" x 8.5" to 8.5" x 11" (A6 – A4)

25% to 400% in 1% increments (Platen);

Standard

**Paper Types**

16 – 43 lb. Bond/90 lb. Index

14 – 68 lb. Bond/140 lb. Index

**Duplex Unit**

14 – 43 lb. Bond (60 – 105 g/m²)

14 – 43 lb. Bond (60 – 105 g/m²)

14 – 68 lb. Bond (60 – 105 g/m²)

5.5" x 11" (216 x 297 mm) (Letter/A4)

**Environment**

Maximum: 2,300 sheets

100-Sheet Bypass Tray

4 MB (approx. 320 pages); 2,000 Quick Dials, 100 Group Dials

Auto Dialing

Up to 33 spm (Letter/A4)

**Image Compression**

Resolution

400 x 600 dpi, 200 x 200 dpi, 400 x 200 dpi (with optional SAF memory)

**OCR Unit**

Type M2

**Optional Interfaces**

1000Base-T/100Base-TX/10Base-T Ethernet, USB2.0 Type A (2 Ports), USB2.0 Type B

**Paper Capacity**

One-Bin Tray Type B4000

(Recommended for installation with Paper Feed Unit PB1000)

**Scan Area from Platen**

Main Scan

8.5" x 11" (216 x 297 mm)

Sub Scan

11.7" x 297 mm

**Scan Mode**

Single/Multi-page TIFF, PDF and PDF/A, Single Page JPEG, BW TextLine Art, Text, Text/Photo, Photo, Gray Scale, Color Text/Photo, Gloss Photo

**Scan-to-Modes**

Supported

Scan-to-Folder (SMB/FTP), Scan-to-URL, Scan-to-Folder (SMB/FTP), Scan-to-URL, Scan-to-Media (USB/SD), WSD Scanner

**Utilities**

Web SmartDeviceMonitor, Web Image Device Manager NX Pro and Enterprise, IBM AIX, SAP R3, SCO OpenServer, RedHat Linux

**Document Server Specifications**

Capacity

76 GB (shared with other functions)

Max. Stored Documents

3,000 documents

Max. Pages

2,000 pages (per document)

9,000 pages (stored documents)
